THE ROBOT HAT

The **Mr. Chat** pre-primary English series incorporates a new, **dynamic methodology**, combining **natural language acquisition** with **project-based learning** and **key competences**. The series:

- Is **fully integrated** with the new Spanish pre-primary method, **Retos**.
- Provides teachers with **flexibility** to adapt to pupils with diverse learning styles and needs.
- Includes a wide variety of **Task-Based Learning** (TBL), **Total Physical Response** (TPR) and **Arts and Crafts** activities to motivate pupils.
- Incorporates values and early life skills to support **pupils' psychosocial development**.
- Is divided into 6 theme-based units structured to encourage pupils to think, share ideas and actively **participate** in their own learning.
